Taking the
"Poppy" manual
online

Welcome to the new Tuberculosis Registry Guidelines CD

Online Help System

"Poppy" Manual in PDF Format

All TB Surveillance Forms in PDF Format

Self-Paced Training Guide to using Help

Poppy Manual Plus: With the release of the new Tuberculosis Registry Guidelines CD, the TBCB can now supply TB surveillance information online and on-demand to all LHJs in California.

The new CD includes the following tools. You can copy them to your local computer or access them from the CD.

- **TB Registry Guidelines HELP:** The entire contents of the "Poppy" manual online in HTML Help format. This covers all instructions and information for the RVCT, Follow-Up, ARPE, and A/B-Notification reports.
- **Poppy in PDF:** The entire contents of the "Poppy" manual in PDF format for easy printing.
- **TB Programs Information and forms:** TB Information, instructions, and downloadable forms in PDF format for the following TB programs: Contact Investigation Tools, Genotyping, MDR-TB, Outbreak Response, Patient Locating Service.
- **Self-Paced Training Course:** Instructions for using Help are delivered as a self-paced training course.

Available Soon: The new **TB Registry Guidelines CD** will be ready for delivery in mid-October. You will receive an announcement prior to shipment to your LHJ. Please contact Janice Westenhouse jwestenh@dhs.ca.gov or Elizabeth Lawton elawton@dhs.ca.gov at the TBCB if you have questions about the new CD.
