* The facility where ICE detainees are housed is responsible for providing or coordinating their health care. DIHS facilitates international TB referrals for ICE detainees regardless of the facility type. ICE detainees may be held in or pass through one of the five DIHS medical or staging facilities listed above or one of nearly 25 local jails within the state that house ICE detainees through intergovernmental service agreements.

**For questions regarding ICE detainees in a DIHS medical facility with DIHS staff, contact the facility directly. For questions regarding ICE detainees in a facility without DIHS staff, contact Dr. Diana Schneider or LCDR Alice Fike.
